**Progress Report #6
Old Frontenac Historic District NRHP Nomination Update**

MnSHPO comments have been received, some from National Register historian Ginny Way with a recent call, and the Final Report is almost ready for delivery along with the inventory forms. Presently the plan is to send the report and forms to the Committee via Hightail, as in the past. Let me know if you prefer a mailed flash drive or other media for about 75 forms. May 17 is the current planned delivery date.

The report will be in pdf format and after HPC review you can decide how many printed copies will be needed. One thing to discuss is if the NRHP nomination is completed next year, some additional information might be added, and there might be additional information from the community. Therefore, although it is "Final" as a survey report, you might wait with a lot of printing. Any future NRHP nomination will repeat a lot of information, but the report is a different type of document.

I am looking forward to the June 14 meeting and will plan the details with you soon.
