

# Valhalla Park Woody Removal Species List

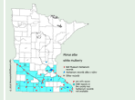

## Black Locust

Plant Info	
<b>Also known as:</b>	
<b>Genus:</b>	<a href="#">Robinia</a>
<b>Family:</b>	<a href="#">Fabaceae (Pea)</a>
<b>Life cycle:</b>	perennial woody
<b>Origin:</b>	Ozarks and Appalachia
<b>Status:</b>	<ul style="list-style-type: none"> <li>Invasive - ERADICATE!</li> </ul>
<b>Habitat:</b>	sun; upland forest edges and openings, urban plantings
<b>Bloom season:</b>	June
<b>Plant height:</b>	30 to 60 feet
<b>Wetland Indicator Status:</b>	GP: UPL MW: FACU NCNE: FACU
<b>MN county distribution (click map to enlarge):</b>	
<b>National distribution (click map to enlarge):</b>	

## Common Buckthorn

Plant Info	
<b>Also known as:</b>	
<b>Genus:</b>	<a href="#">Rhamnus</a>
<b>Family:</b>	<a href="#">Rhamnaceae (Buckthorn)</a>
<b>Life cycle:</b>	perennial woody
<b>Origin:</b>	Europe
<b>Status:</b>	<ul style="list-style-type: none"> <li>Invasive - ERADICATE!</li> <li>Noxious Weed</li> <li>Prohibited or Restricted species</li> </ul>
<b>Habitat:</b>	part shade, shade, sun; moist to dry; woods, woodland edges, fence rows, waste areas,
<b>Bloom season:</b>	June - July
<b>Plant height:</b>	to 20 feet
<b>Wetland Indicator Status:</b>	GP: FACU MW: FAC NCNE: FAC
<b>MN county distribution (click map to enlarge):</b>	
<b>National distribution (click map to enlarge):</b>	

## White Mulberry

Plant Info	
<b>Also known as:</b>	
<b>Genus:</b>	<a href="#">Morus</a>
<b>Family:</b>	<a href="#">Moraceae (Mulberry)</a>
<b>Life cycle:</b>	perennial woody
<b>Origin:</b>	China
<b>Status:</b>	<ul style="list-style-type: none"> <li>Invasive - ERADICATE!</li> </ul>
<b>Habitat:</b>	part shade, sun; moist to dry disturbed soil; woodland edges, fencerows, thickets, along streams, railroads
<b>Bloom season:</b>	May - June
<b>Plant height:</b>	20 to 50 feet
<b>Wetland Indicator Status:</b>	GP: FACU MW: FAC NCNE: FACU
<b>MN county distribution (click map to enlarge):</b>	
<b>National distribution (click map to enlarge):</b>	

## Tatarian Honeysuckle

Plant Info	
<b>Also known as:</b>	
<b>Genus:</b>	<a href="#">Lonicera</a>
<b>Family:</b>	<a href="#">Caprifoliaceae (Honeysuckle)</a>
<b>Life cycle:</b>	perennial woody
<b>Origin:</b>	Eurasia
<b>Status:</b>	<ul style="list-style-type: none"> <li>Invasive - ERADICATE!</li> </ul>
<b>Habitat:</b>	part shade, sun; disturbed soil; fields, fence rows, forests, woodland edges, thickets, landscape plantings
<b>Bloom season:</b>	May - June
<b>Plant height:</b>	5 to 10 feet
<b>Wetland Indicator Status:</b>	GP: FACU MW: FACU NCNE: FACU
<b>MN county distribution (click map to enlarge):</b>	
<b>National distribution (click map to enlarge):</b>	

## Siberian Elm

Plant Info	
<b>Also known as:</b>	Chinese Elm
<b>Genus:</b>	<a href="#">Ulmus</a>
<b>Family:</b>	<a href="#">Ulmaceae (Elm)</a>
<b>Life cycle:</b>	perennial woody
<b>Origin:</b>	Asia
<b>Status:</b>	<ul style="list-style-type: none"> <li>Invasive - ERADICATE!</li> </ul>
<b>Habitat:</b>	part shade, sun; disturbed soils; urban landscapes, windbreaks, roadsides, railroads, open fields, waste areas
<b>Bloom season:</b>	March - May
<b>Plant height:</b>	30 to 80 feet
<b>Wetland Indicator Status:</b>	GP: UPL MW: UPL NCNE: FACU
<b>MN county distribution (click map to enlarge):</b>	
<b>National distribution (click map to enlarge):</b>	

### Natives to be considered:

- Prickly Ash
- Sumac
- Boxelder Maple
